PRODUCTION UNIT

Why choose us ?

We understand the level of competition in today's world, where it becomes utmost important to stand out in serving respective customers, which can only be done by delivering the best quality product at the best price.

Our setup here as DSB in INDIA is expert in optimizing the entire production due to reduced labor cost & easy availability of raw material resulting in the overall costing, thus in turn we offer to our customers
'BETTER PRICE & QUALITY.'

WALLET TYPES :

Bi- Folds : The most common style, it folds in half and typically features a main compartment for cash and multiple card slots.

Tri- Folds : Folds twice (into three sections), offering more storage space for cards and cash compared to a bifold, though it can be thicker.

Card Holder/Minimalist Wallet : Designed for carrying only essentials (a few cards and some cash), keeping a slim profile for front-pocket carry.

Money clip/Clip/Magnetic clip Wallet : A compact, minimalist option featuring a metal, magnetic or leather clip to hold cash, along with a few card slots.

Hand Carved/Tooled Wallet : Hand carved wallets are functional personalized piece that showcases craftsmanship & reflects heritage along with durability.

RFID Blocking Wallet : Specialized wallets with a lining that blocks radio waves to prevent unauthorized scanning of credit cards.

Travel /Passport Wallet : Larger wallets designed to hold passports, currency, boarding passes, and travel documents.

Breast/Secretary Wallet : A long, thin wallet designed to fit in a jacket's breast pocket, holding unfolded banknotes and documents.

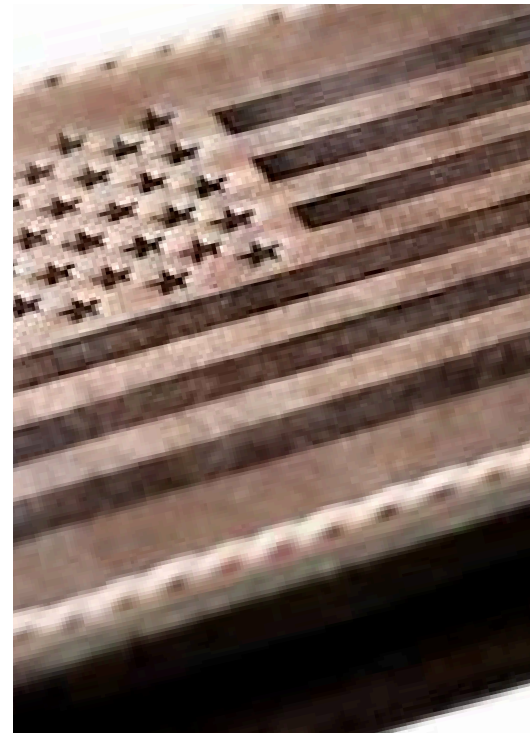

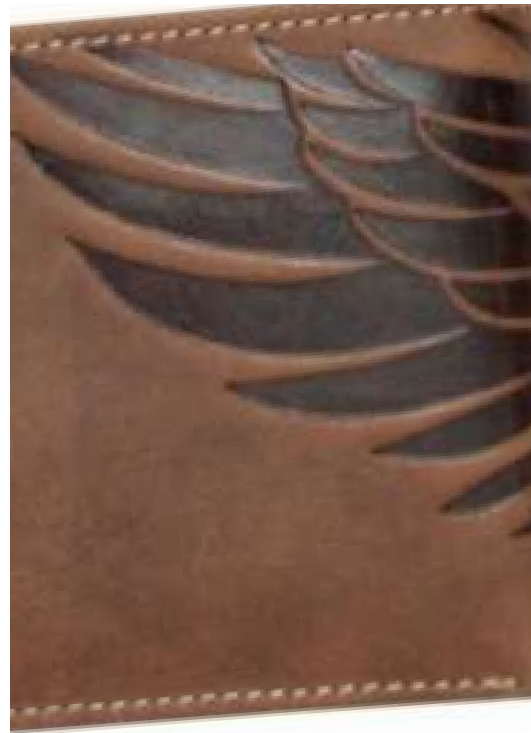

Cheque Book Wallet : These are specially designed to hold a cheque book, often along with other items like debit, credit, ID cards & keys.

Elastic Band Wallet : These are known for their slim & space saving design, making them ideal for those who prefer a compact carry.

Zipper Wallet : A secure, all-around zippered wallet that keeps contents safe and prevents items like coins from falling out.

Chain Wallet : This wallet is secured to the clothing (jeans or a belt) with a chain, offering added security/preventing loss specially while biking or travelling.
